

SEASON 2

Utilising Singapore (and Other Offshore Jurisdictions) to Restructure Indonesian Companies

Thursday, 31 March 2022
3PM to 4:10 PM (SGT)
Zoom Webinar

Overview

Following a highly successful session in 2021, the Asian Business Law Institute is organising a second webinar on the use of Singapore (and other foreign regimes) for the restructuring of Indonesian companies. In our earlier session, we discussed Singapore's Insolvency, Restructuring and Dissolution Act and the Indonesian bankruptcy regime and examined why Indonesian companies are looking to restructure their debts in Singapore.

This 2022 instalment continues that discussion (with some new speakers) and will look to cover the following:

- Trends of in-bound restructuring applications received in Singapore
- The extent to which foreign law is a consideration to restructurings in Singapore, including the impact of the UK Gibbs rule on the decision of an Indonesian company to restructure in Singapore
- Recognition of foreign restructuring proceedings by Indonesian courts
- Proposed changes to Indonesia's bankruptcy legislation and PKPU proceedings

In addition, attendees may be invited to participate in a hypothetical case study that may be discussed during the webinar.
